# INTRODUCTION

---

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1948 edition of the Hammond City Directory, which also includes Burnham and Calumet City, Ill., and Whiting, Ind.

Confidence in the continued growth of Hammond's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Hammond to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hammond Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

**THE MISCELLANEOUS DEPARTMENT**, pages 11 to 22, on white paper, presents lists of city, county and federal officials; post office and public school Directories; statistical review; and manufacturing, trade and civic surveys.

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 25 to 626, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hammond and vicinity, and the name, official personnel, nature and address of each firm and corporation.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, for Hammond, Burnham and Calumet City, on pink paper, covers pages 629 to 755. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar guide for Whiting extends from page 757 to page 769.

**THE BUYERS' GUIDE**, preceding the Classified and separately paged from 1 to 52, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Hammond and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hammond, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 825 to 871, on white paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unblased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hammond and vicinity.

### The Hammond Directory Library

Through the courtesy of the publishers of the Hammond City Directory, a Directory Library is maintained in the offices of the Hammond Chamber of Commerce, for free reference by the general public. This is one of 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,  
Publishers.

# HAMMOND

(Courtesy Hammond Chamber of Commerce)

## Statistical Review

Form of Government—Mayor and council.

Population—1940 U. S. Census, 70,184; local estimate in 1948, 82,000. American-born, 83.9%. Predominant nationalities of foreign-born residents: German, Polish and Czechoslovakian.

Area—27 square miles.

Altitude—585 feet above sea level.

Climate—Mean annual temperature, 49.2 degrees F.; average annual rainfall, 33.02 inches.

Parks—14, with total of 250 acres, valued at \$1,750,000.

Financial Data—3 banks, with total deposits of \$40,011,270 (Dec. 31, 1947), and total resources of \$41,829,125 (Dec. 31, 1947).

Churches—57, representing leading denominations.

Industry—Chief industry is manufacturing. Principal manufactured products: Oils, soap products, foods, animal and dairy feeds, railway cars, railway supplies, clothing, metal castings, foundry products, refined metals, paper pulp products and heavy machinery.

Trade Area—Retail area has radius of 150 miles, and population of 300,000.

Newspapers—1 daily and Sunday and 1 weekly.

Hotels—7, with total of 400 rooms.

Railroads—10, including New York Central, Pennsylvania, Baltimore & Ohio, Erie, Monon, Nickel Plate, and Wabash.

Highways—U. S. 6, 12, 20, 30 and 41.

Airports—2 (near the city).

Amusements—Largest auditorium in city seats 6,000 persons. 7 moving-picture theatres, with total seating capacity of 7,300 persons. 5 golf courses.

Hospitals—1, with 260 beds.

Education—19 public schools, including 3 senior high. 9 parochial schools. Value of public school property, \$6,500,000.

Public Libraries—7, including branches, with total of 116,500 volumes.

City Statistics—Total street mileage, 260, with 163 miles paved. Miles of sewers, 182. Capacity of water works, 65,000,000 gallons; daily average pumpage, 16,730,000 gallons; miles of mains, 200; value of plant, \$4,081,000. Fire department has 101 men, with 6 stations and 15 pieces of motor equipment. Police department has 110 men, with 2 stations and 35 pieces of motor equipment.

## Location, Population, Etc.

LOCATION—Hammond is located in Lake County, the second largest county in Indiana, in the northwest corner of the state. It is twenty miles southeast of the Loop district of Chicago; 954 miles from New York; 304 miles from St. Louis; 442 miles from Minneapolis; 941 miles from New Orleans, and 2,281 miles from San Francisco.

BOUNDARIES—Hammond is bounded on the north by Lake Michigan, Whiting and East Chicago; on the east, by Whiting, Gary and East Chicago; on the south, by Little Calumet River, and on the west by Chicago, Calumet City, Burnham and Cook County, Ill.

POPULATION—The population of Hammond was 70,184, according to the 1940 U. S. Census. The estimated population in 1948 is 82,000.

The population of the Hammond trade area is approximately 300,000. Hammond directly adjoins Chicago, and for many purposes the trade area of Hammond is the trade area of Chicago, particularly for industrial purposes, which from that standpoint would give Hammond an additional industrial trade population of more than 3,500,000.

The growth of Hammond is reflected in the following population figures:

1900	12,376
1910	20,925
1920	36,004
1930	64,560
1940	70,184
1948 (est.)	82,000

The unusually favorable location of Hammond at the tip of Lake Michigan, in the center of population, at the waterway terminus of all directions, and with unequaled railway distribution, makes its future growth inevitable. No industrial location in the U. S. surpasses it.

### Government

Hammond is governed by a city council form of government. The incumbent administration is headed by Mayor Vernon C. Anderson, a Republican.

The police and fire departments operate on a civil-service basis. The heads of these departments having been in office for years, is conclusive evidence of the high efficiency of these protective agencies.

The police department is equipped with a two-way radio system through which the possibility of crime has been greatly reduced.

Both the police and fire departments have gained national recognition because of the low annual fire loss and because of the very high standard of law enforcement.

### Taxation

The law of the State of Indiana establishes a rate of \$2 for each \$100 assessed valuation as the maximum tax levy to cover all taxing units, except for emergency expenditures. This undoubtedly is very beneficial in keeping the tax rate on a low level.

The general attitude of officials in making assessments on real and personal property has been reasonable to industry. All assessments are subject to review by the State Tax Board.

There is a state gross income tax of  $\frac{1}{2}$  of 1% on retail sales, 1% on individual incomes, and  $\frac{1}{4}$  of 1% on manufactured goods.

There is no state sales tax in Indiana, and no occupational tax.

There is a tax ranging from \$3 to \$150 per year on retail stores.

There is also an intangible tax of 25c for each \$100.

### Transportation

Transportation facilities in Hammond offer direct or inter-connected facilities with all parts of the U. S. The city is accessible by railroad, electric railroad, state and federal highways, bus and truck lines, waterways and air lines.

**RAILWAYS**—Hammond is serviced by ten railway lines; three belt lines.

The ten trunk railway lines are: Baltimore & Ohio; Chesapeake & Ohio; Chicago & Erie; Chicago, Indianapolis & Louisville; Michigan Central; New York Central; New York, Chicago & St. Louis; Pennsylvania; Pittsburgh, Cincinnati, Chicago & St. Louis; Wabash.

In addition, the city is within the Chicago switching district and enjoys low freight rates, the same as those in Chicago. The three belt lines are the Baltimore & Ohio Chicago Term-

inal, the Elgin, Joliet & Eastern, and the Indiana Harbor Belt. These make available a fast, direct service to all roads out of Chicago. Trap-car service also is available on belt lines for less-than-carload-lot shipments. Trap cars go to the Indiana Harbor Belt switching yards, where shipments are consigned to the various lines, thus offering a faster and more efficient service.

The Indiana Harbor Belt Railroad's largest terminal, Gibson Yard, is located in Hammond. Cars from the industries of Hammond and Calumet City are made up in trains and run direct from Gibson Yard to all eastern, western and southern lines, making but one handling from the industries to any one trunk line over which the shipment may move.

**ELECTRIC LINE** — The Chicago, South Shore & South Bend Railroad provides a fast passenger and freight electric service to Chicago, passenger service operating every thirty minutes and requiring 36 minutes from the Hammond station to the Randolph St. station in Chicago. Low round-trip passenger fares are offered on commutation tickets.

**BUS SERVICE** — An inter-city bus service including Hammond, Calumet City, Whiting, East Chicago, Gary and Chicago is maintained by the Chicago-Calumet District Transit Co. In addition, there are electric railway services inter-connecting these Calumet Region cities.

**TRUCK SERVICE** — Fast, daily truck service is operated between Hammond and Chicago and numerous other points by a number of trucking companies. Hammond is the focal point for a large number of highly improved highways radiating in every direction.

**WATERWAYS**—Hammond is only a few miles from Indiana Harbor on Lake Michigan, which provides easy accessibility for water transportation. The Indiana Harbor is used by a number of large industries as a port for shipping to foreign countries, and also for receiving shipments from foreign ports.

The Great Lakes Dock Terminal maintains a shipping point at Indiana Harbor. Direct regular railway service is available to St. Louis and Cairo, Ill., for barge transportation on the Mississippi to the Gulf, and from there to other ports of the world.

**AIRPORTS**—Hammond is less than three-quarters of an hour by automobile from the Chicago Municipal Airport, and from the Ford Airport at Lansing, Ill.

### Public Utilities

**ELECTRICITY**—Electric energy for Hammond is available in unlimited quantities with a rate structure designed to encourage use by industries. The rate schedule for electric energy, which is provided by the Northern Indiana Public Service Co., is as low as can be found in any large industrial city. Hammond is the location of one of the largest steam-generating plants in the world, and the company is equipped to take care of any industrial demand.

**GAS**—A high-grade gas is also furnished by the Northern Indiana Public Service Co. at a very low rate for industrial users.

**COAL**—With coal mines in Indiana, Illinois, Kentucky, Pennsylvania and Virginia, Hammond is assured of a plentiful supply of cheap coal.

**OIL**—The largest oil refineries in the world are located within the Hammond district, and fuel oil is available at reasonable rates.

**PETROLEUM COKE** — Because of the large oil-refining operations, an adequate supply of petroleum coke is also available, a special fuel valuable for certain operations and not to be had in many industrial areas.

**WATER** — The City of Hammond owns its water plant, the supply coming from Lake Michigan, and the rate being a graduated scale based on the amount used. Hammond has the lowest water rate of any city in this section of Indiana.

A \$1,000,000 filtration plant, with ample storage capacity, guarantees a plentiful supply of the purest water for industrial and domestic use.

**COMMUNICATIONS**—Hammond is served by the Illinois Bell Telephone Co. and the Western Union Telegraph Co. It also has Radio Station WJOB, operating on 1,230 kilocycles.

### Publishing and Printing

There are a number of printing establishments in Hammond that have a national clientele. Much Chicago printing is handled in these plants. The plants are equipped with all modern facilities for color printing, off-set work, bookbinding, and the printing and preparation of catalogs and mailing pieces.

There is one daily afternoon newspaper, The Hammond Times (Independent Republican), with a circulation of 37,797 daily and 39,092 Sunday (ABC report, June 19, 1947). It receives full Associated and United Press services, and serves the entire trading area.

### Labor

Because of Hammond's location in the Calumet Region, there is a large supply of both skilled and unskilled labor. There is a good market for female workers, because of the large number of male workers employed in the steel mills and heavy metal industries where female labor is not employed.

There have been no major industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

### Housing and Living Costs

Hammond is the residential city for a number of the surrounding industrial cities that are unable to provide suitable housing of the better type and which have no expansion possibilities.

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country.

Because of Hammond being in the Chicago area, prevailing living costs are about the same as in that city. Rentals, taxes and utility costs are cheaper.

Hammond is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the large meat-packing operations of the country, making these things available, with wide choice, and at reasonable prices.

### Commercial Organizations

There are three commercial organizations giving direct service to the industrial and commercial interests of the city.

The Hammond Chamber of Commerce, the largest, with a membership of more than 1,000, composed of the representative professional and business concerns, is constantly promoting the general welfare of the city from a business standpoint and has a constructive program of activities.

The Hammond Safety Council, a division of the Chamber of Commerce, has been successful in maintaining low insurance rates through its work in fire-prevention, public safety, etc.

The Chamber of Commerce, with other organizations, is constantly active in a study of proposed budgets of the taxing units and has been a strong influence in maintaining a low tax rate. It has also given much attention to proposed legislation and has been successful in protecting the interests of the manufacturers in

many legislative matters of a vital nature. The program of the Chamber of Commerce is a general one and always in the interest of the community as a whole.

The Hammond Junior Chamber of Commerce has a representative group of young executives, actively interested in civic affairs.

The Manufacturers' Association is composed only of manufacturers. This organization deals entirely with matters affecting the interests of its membership.

The Hammond Credit Exchange is composed of a large number of retailers. This organization is solely for the purpose of giving confidential credit information.

Other organizations active in matters in their particular fields of business activity are the Hammond Real Estate Board, the Lake County Underwriters' Association, the Calumet Region Auto Parts Association, the Automobile Dealers, etc.

#### Civic Organizations, Etc.

Most of the civic, and practically all of the fraternal organizations are represented in Hammond.

Rotary, Kiwanis, Lions and Optimists represent the civic luncheon clubs. Also there are the active Women's Club, League of Women Voters, American Legion Auxiliary, Parent-Teachers' Association and Business and Professional Women's Club.

All character-building and welfare work clears through the United Welfare Association, which conducts an annual drive for a fixed sum to provide for these activities each year, thus relieving business organizations of solicitations more than once a year for these purposes.

Organizations which derive their support from this Association are:

- Bethany Children's Home
- Boy Scouts
- Brooks House
- Calumet Goodwill Industries
- Carmelite Home for Boys
- Catholic Associated Charities
- General Relief Agency
- Girl Scouts
- Hammond Fresh Air Camp
- Salvation Army
- Young Women's Christian Association

#### Educational, Religious and Cultural Features

**SCHOOLS** — The Hammond school system consists of sixteen grade schools, three high schools, one Catholic high school and nine parochial schools, all of which are staffed with highly competent teachers and instructors.

The Technical Vocational School is an important source of potential employee-leadership and offers a training course designed to fit young men to take their place in the industrial community.

There are two highly-rated private-owned commercial schools, assuring an adequate supply of stenographic and secretarial help.

For those desiring higher education, extension courses are provided from the University of Indiana, and engineering courses are given from Purdue University, oftentimes specializing in such subjects as the heat-treatment of metals, electric welding, gas welding, and kindred subjects of particular interest to manufacturers.

Many Hammond residents avail themselves of the opportunity to take night courses at the University of Chicago and Northwestern University.

**CHURCHES**—All denominations are represented in the religious life of Hammond—39 Protestant, 3 Catholic, 2 Jewish and 8 miscellaneous congregations.

**LIBRARY**—The Hammond Public Library has six branches, and will, with the cooperation of the industries, establish a branch within an industry if the demand for library service justifies it. There are 116,500 volumes in the Hammond Library system.

#### Recreation

**PARKS** — Hammond is equipped with all types of wholesome recreation. There are fourteen parks, with an acreage of 250, and a valuation of \$1,750,000. These parks are equipped with tennis courts and playgrounds with attractive landscaping.

**GOLF**—There are five golf courses within a few minutes of town—Woodmar Country Club, Wicker Park, Lansing Airport Course, Lake Hills, and Burnham Woods.

**SWIMMING**—There is swimming at modern pools in a number of the city parks. Numerous beaches are located in the Dunes territory and elsewhere within short distances of Hammond.

**WICKER PARK** — Within a few miles of Hammond is the famous Wicker Memorial Park, which is one of the few township-owned public parks in the country. It has 235 acres. This park is equipped with an 18-hole public golf course, picnic facilities, modern swimming pool, and other equipment which make it a popular place for company and organization outings.

**SCOUTING**—For boys and girls of scouting age, there are active scouting troops in Hammond. Both organizations maintain camps for Hammond boys and girls.

**FOREST PRESERVES**—Immediately across the state line in Cook County, providing bridle paths, trails and outing facilities, is one of the Illinois forest preserves.

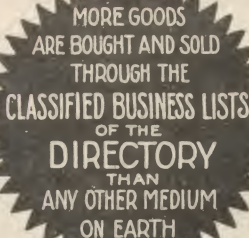

#### **Public Health**

Hammond maintains an efficient health department under the direction of a board of health of three members and in charge of a qualified

physician, safeguarding the city against the spread of infectious and communicable diseases. The appropriation of this department provides for free analysis of milk and water in a well-equipped laboratory, and also for a registered nurse.

#### **Hospitals**

There is one hospital, St. Margaret's, operated by the Sisters of St. Francis, with a capacity of 260 beds. The hospital is fully equipped for surgery and for the proper care of patients.

Education—5 public schools, including 1 senior high and 1 junior high. 2 parochial schools, including 1 junior high. Number of pupils in public schools, 1,736; in parochial, 592. Number of teachers in public schools, 70; in parochial, 17.

Public Libraries — 1, with 29,703 books and 6,178 pamphlets.

City Statistics—Total street mileage, 13.5, nearly all paved. Daily average pumpage of water works, 1,845,000 gallons; value of plant, \$364,-

976.46. Fire department has 17 men, with 1 station and 3 pieces of motor equipment. Police department has 21 men, with 1 station and 4 pieces of motor equipment.

## Location, Population, Etc.

LOCATION—Whiting is located in Lake County, the second largest county in Indiana, in the northwest corner of the state. It is seventeen miles from the center of Chicago, five miles north of the retail business district of Hammond, three miles west of Indiana Harbor, and ten miles west of Gary.

BOUNDARIES—Whiting is bounded on the north by Lake Michigan; on the east by East Chicago, Indiana Harbor and Lake Michigan; on the south by Hammond and Lake George, and on the west by Hammond and Wolf Lake.

POPULATION—The population of Whiting was 10,307 according to the 1940 U. S. Census.

## Government

Whiting is governed by a city council form of government. The administration is headed by Mayor Andrew S. Kovack. The administration is regarded as conservative in its aims and has proved satisfactory to the people of this city.

The heads of the departments of police and fire have been in office for the past several years and there is much evidence of the high efficiency of these protective agencies.

## Taxation

The tax rate for Whiting for 1947 was \$3.88 per \$100 assessed valuation. This included city and county tax. The city tax is \$1.005 per \$100 assessed valuation.

There is no state sales tax in Indiana, and no occupational tax.

The assessed valuation of Whiting for 1947 was \$28,654,100.

## Transportation

Transportation facilities in Whiting offer direct or inter-connected facilities with all parts of the U. S. Whiting is on three U. S. Highways: 12, 20 and 41. The New York Central and the Pennsylvania railroads furnish excellent suburban service to Chicago and Gary. The Baltimore & Ohio Railroad and the E. J. & E. Railroad also maintain service stations here.

The Chicago & Calumet District Transit Co. operates a large fleet of the highest type motor coaches. Service is furnished between Whiting, Chicago, East Chicago, Indiana Harbor, Hammond and Gary.

The Yellow Cab Co. and Uptown Cab Co. of Whiting maintain regular Yellow Cabs and give the usual high-type service afforded by this system.

The American Railway Express Co. handles practically all express. In addition, a number of the large transfer and express companies of the surrounding cities deliver here. There are several transfer companies doing business in Whiting.

In addition to the railroads mentioned above, the E., J. & E. Railroad, the Indiana Harbor Belt Railway Co. and the Baltimore & Ohio Chicago Terminal Co. operate freight service. Whiting is in the Chicago Switching District, and Chicago rates apply on all commodities.

Whiting is only a mile or two from the shipping canal in Indiana Harbor, which provides easy accessibility for water transportation on the Great Lakes.

#### Public Utilities

**ELECTRICITY**—Electric energy is provided by the Northern Indiana Public Service Co., and the rates are comparable to those in other industrial communities.

**GAS**—A high-grade gas also is furnished by the Northern Indiana Public Service Co. at reasonable rates.

**COMMUNICATIONS** — Whiting is served by the Illinois Bell Telephone Co. and the Western Union Telegraph Co.

#### Labor

There have been no industrial disturbances over a number of years, and the general attitude of the city as a whole does not encourage labor troubles.

#### Housing and Living Costs

At the present time there is a shortage of homes, as is true in a majority of cities throughout the country. Good homes and apartments can be rented for reasonable amounts when available.

Whiting is located adjacent to a superior garden and trucking area, immediately contiguous to the Michigan-Indiana fruit belt, and also is close to the largest meat-packing operations in the country, making these things available with wide choice and at reasonable prices.

#### Commercial Organizations

There are several commercial organizations giving direct service to the industrial and commercial interests of the city.

The Whiting-Robertsdale Chamber of Commerce is composed of representatives from the industrial, business and professional groups. The organization gives careful consideration to legislative matters, cooperating with the other local and state commercial, industrial and civic groups, with the result that the interests of all have been better served.

The program of this organization is a general one and always in the interest of the community and its inhabitants as a whole.

The Whiting Credit Bureau is composed of a number of retailers. This organization is solely for the purpose of giving confidential credit information.

#### Civic Organizations, Etc.

Whiting has a number of leading civic clubs, including the Business & Professional Women's Club, Lion's Club, Whiting Women's Club and Parent-Teachers' Association. Nearly all the fraternal organizations are represented in Whiting.

All character-building and welfare work clears through the Whiting-Robertsdale Community Chest, which conducts an annual drive for a fixed sum to provide for these agencies each year. Organizations which derive their support from this Association are: Whiting Relief & Aid Society, Whiting Boy Scouts, Whiting Girl Scouts, Whiting Community Service, Carmelite Home for Boys and Carmelite Home for Girls.

#### Educational, Religious and Cultural Features

**SCHOOLS**—The Whiting school system consists of three grade schools and one junior and one senior high school. An evening school offers adult education. There are two parochial schools, one consisting of both grade school and junior high. All these schools are staffed with highly-competent teachers and instructors.

For those desiring higher education, extension courses are provided from the University of Indiana, and engineering courses are given from Purdue University in closely-located cities.

**CHURCHES** — There are twelve churches in the city, representing six denominations.

**LIBRARY**—Whiting has one library, with 29,703 books and 6,178 pamphlets, furnishing adequate read-

ing and reference material for the people. A branch of this library is located on the far south side of the city.

### Recreation

**PARKS AND PLAYGROUNDS**—Whiting has one park, Whiting Park. This park is equipped with bath house and playground equipment. It also has a baseball field, a pistol range, a trapshooters' range, and one of the finest tennis courts in the Calumet District. There are five playgrounds for children. At the Whiting Athletic Field there are also tennis courts, a running track and fields for baseball and football.

**SWIMMING**—The Community Center and the Whiting Junior High School have two of the finest swimming pools that can be found anywhere.

**THEATRES**—Whiting has two theatres, with a total seating capacity of 2,200 persons. These are the Hoosier and the Capitol. In addition, the auditorium in the Memorial Community Center, with a seating capacity of 1,200 persons, has some of the finest equipment obtainable.

**SCOUTING**—For boys and girls of scouting age, there are active scouting troops in Whiting. Both organizations maintain summer camps.

### Public Health

Whiting maintains an efficient health department under the direction of a board of health of three members, and in charge of a qualified physician, safeguarding the city against the spread of infectious and communicable diseases.

Compiled by the Whiting-Robertsdale Chamber of Commerce, 1948.

"CITY OF HOMES"

(Courtesy Calumet City Association of Commerce)

## Statistical Review

Population—1940 U. S. Census, 13,241; 1947 City census, 16,825.

Area—8.5 square miles.

Altitude—585 feet above sea level.

Climate — Mean annual temperature, 49.2 degrees F.; average annual rainfall, 33.02 inches.

Parks—1 public and 3 forest preserves.

Assessed Valuation—\$19,719,563.

Bonded Debt—\$365,000.

Churches—6, representing 5 denominations.

Real Estate — 3,600 homes, with about 95% owned by occupants.

Industry—Canning, bottling works, meat-packing, fertilizer works, chemical companies and stock yards.

Trade Area—Retail area has radius of 2 miles, and population of 25,000.

Railroads—10 trunk lines.

Highways—U. S. 6 and 330; State 58.

Amusements — Largest auditorium in city seats 2,000 persons. 2 golf courses.

Education — 4 public schools, including 1 high. 3 parochial schools.

Public Libraries—1, with 3,000 volumes.

City Statistics—Number of water meters, 3,800; light meters, 6,000; gas meters, 6,000. Fire department has 7 men, with 1 station and 2 pieces of motor equipment. Police department has 13 regular men and 8 special police, with 1 station and 4 pieces of motor equipment.

## General Review

This locality was first called West Hammond, later incorporated as the Village of West Hammond, still later incorporated as the City of West

Hammond, and in 1924 the name was changed to Calumet City. It is in Cook County, 22½ miles from the center of Chicago. It adjoins Chicago on the north, and Hammond on the east. Residents of Calumet City are 20 minutes' ride from 130 different industries of the Calumet District. The city is free of industrial gases and therefore very desirable for residential purposes. It is zoned for industrial, commercial and residential districts.

Joining Hammond and Chicago, Calumet City is served with the best of facilities. Theatres, banks, hospitals and churches of Hammond are closer to the whole population of Calumet City than to the people of Hammond. The north and west sides of the city have many desirable sites for industrial expansion and development. City improvements are available in enough vacant property to double the population with new homes without additional facilities. For years Calumet City has drawn home-owners due to low taxes, fine water, good streets and tolerant municipal supervision of business.

Calumet City is served by four local bus companies, and is on the route of four transcontinental air lines, with an airport just outside the city limits.

Being a "City of Homes," Calumet City has stood out as a desirable location for residential purposes. Many business men who have their offices and industries across the line in Hammond and Chicago, reside in Calumet City. Most of the population resides within walking distance of the business center of Hammond. The city's liberal policies make it a desirable location for factories as well as homes. Property has a ready market in Calumet City.

Air mail should be plainly marked "AIR MAIL" in the space immediately below the stamps and above the address.

Canada (same as above)

### Air Mail Mexico

Rate of postage to Mexico: Five cents for each ½ ounce.

Dispatched by the United States Air Mail Service and in Canada or in Mexico by the Air Mail Services in those countries. For additional information telephone your local post office.

### United States Air Mail Service to Central America, South America and the West Indies

For information regarding this service telephone your local post office.

### Air Mail in Other Foreign Countries

For information regarding this service in Foreign Countries, apply at or telephone your local post office.

## FEES IN ADDITION TO REGULAR POSTAGE

### SPECIAL DELIVERY

FIRST CLASS ONLY—2 pounds or less, 13 cents; over 2, not over 10 pounds, 20 cents; over 10 pounds, 25 cents.

MAIL OTHER THAN THAT OF THE FIRST CLASS will be given the most expeditious handling and transportation practicable, and in addition receive immediate delivery at the office of address, upon payment of the following special-delivery fees:

2 lbs. or less ..... 17c  
Over 2 lbs., but not over 10 lbs. .... 17c  
Over 10 lbs. .... 35c  
"Special Delivery" must be so indorsed.

### SPECIAL HANDLING (Without Special Delivery)

FOURTH CLASS: 2 pounds or less, 10 cents; over 2, not over 10 pounds, 15 cents; over 10 pounds, 20 cents. "Special Handling" must be so indorsed.

## SENDERS' RECEIPTS FOR DOMESTIC ORDINARY MAIL

A receipt (certificate of mailing) is furnished the sender of domestic ordinary mail of any class upon payment of 1 cent for each piece. This fee does not insure against loss, rifling or damage, but merely furnishes evidence of mailing, and no receipt will be obtained from the addressee on delivery. Additional duplicate receipts may be obtained upon payment of 1 cent each.

## MONEY ORDERS

Not exceeding \$ 2.50	6c
Not exceeding 5.00	8c
Not exceeding 10.00	11c
Not exceeding 20.00	13c
Not exceeding 40.00	15c
Not exceeding 60.00	18c
Not exceeding 80.00	20c
Not exceeding 100.00	25c

## Registry

Domestic mail matter prepaid at the first-class rate of postage, may be registered against loss, rifling or damage upon payment of the following fees:

### REGISTRY

Indemnity	Fee
Up to \$5.	\$0.20
\$ 5.01 to 50	.25
50.01 to 75	.35
75.01 to 100	.40
100.01 to 200	.55
200.01 to 300	.65
300.01 to 400	.80
400.01 to 500	.95
500.01 to 600	1.05
600.01 to 700	1.15
700.01 to 800	1.20
800.01 to 900	1.25
900.01 to 1000	1.35

When declared value of registered matter exceeds limit of indemnity prescribed for the fee paid, a surcharge is collectible. The local post office should be consulted for full particulars.

Collect-on-delivery mail sealed against postal inspection and bearing postage at the first-class rate may also be registered. The fees on registered C. O. D. mail range from 40 cents to \$1.40, according to amount to be collected up to \$200, or amount of indemnity desired not exceeding \$1,000. Consult postmaster for particulars.

## COLLECT-ON-DELIVERY

(Third and Fourth Class Mail)

Amount C. O. D. charges or amount insurance desired	C.O.D. fee
From \$0.01 to \$2.50	15c
From \$2.51 to \$5	20c
From \$5.01 to \$25	30c
From \$25.01 to \$50	40c
From \$50.01 to \$100	50c
From \$100.01 to \$150	55c
From \$150.01 to \$200	60c

No C. O. D. Service to Canal Zone.

## INSURANCE

Amount of Insurance	Insurance fee
From \$0.01 to \$5.	3c
From \$5.01 to \$25	10c
From \$25.01 to \$50	15c
From \$50.01 to \$200	25c

Fee for return receipt, 4 cents extra.

Limit for Canal Zone is \$200.

## AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.
